

Call for Applicants

Inclusive Energy Transition in Southeast Europe as an Opportunity Study 2020-2021

The Friedrich Ebert Stiftung Regional Dialogue Southeast Europe (FES SOE) is inviting **all interested individuals, companies, NGOs, and/or consortiums** (applicants) to apply for collaboration on producing the “Inclusive Energy Transition in Southeast Europe as an Opportunity 2020-2021” study. The FES SOE recognizes the regional challenges and is committed to advancing a socio-ecological transformation, democratic consolidation, social and economic justice, and peace in the Southeast Europe (SEE) region.

Therefore, **this study aims to determine and eventually communicate the potential for, and opportunities connected to an inclusive energy transition in SEE.** The study should emphasize co-benefits of an inclusive transition. It also aims to identify political avenues and platforms that would likely receive popular and/or political support for an inclusive energy transition in the region. The term “inclusive energy transition” is understood here as an energy system based on energy democracy and involvement of the citizens. “Energy transition” is understood as both phasing-out coal and phasing-in renewable energies.

Eligibility criteria for applicants:

- An advanced degree in law, economics, business or other fields related to the tasks and objective of the study;
- A minimum of 5 years of relevant experience delivering consultancy projects in energy, environmental or climate matters, with international organizations and think tanks;
- A solid understanding of energy and climate landscape in the SEE region, in particular, WB;
- Proven critical and analytical skills;
- Experience in writing clear and concise reports and other deliverables;
- Ability to engage with different stakeholders across SEE;
- Strong presentation skills proving competency in conveying the objective of the study;
- Excellent command of English, and a SEE language(s), knowledge of German being an asset.

The application process requires interested applicants to submit a document that will encompass a technical and financial offer. For more information on what the applications must contain, please refer to the [Terms of Reference](#) for this study.

Applications should be sent in English, by 28 July to selma.sehovic@fes-soe.org and info@fes-soe.org with reference to the “*Inclusive Energy Transition in Southeast Europe as an Opportunity Study 2020-2021*”. The accompanying documents should be referenced with names indicated under the technical and financial offer. Applicants will be notified of the outcome within 30 days of the last day for the submission of applications.

Please address any questions or needs for clarification regarding these Terms of Reference to: info@fes-soe.org.
