

Press Statement

Friedrich Ebert Stiftung strongly condemns the absurd political and personal allegations from the Chairman of the Presidency of Bosnia and Herzegovina, Milorad Dodik, towards Tanja Topić.

Tanja Topić is a brave journalist, insightful political analyst, and a person of integrity who has been engaged with exceptional honesty, humanity, and selflessness to achieve democracy, justice, and reconciliation in Bosnia and Herzegovina.

We welcome the support Tanja Topić has received these days from all parts of Bosnia and Herzegovina's society and the international community. The sheer number and content of the supportive statements speak volumes in and of themselves.

Our colleague and friend Tanja Topić has the unequivocal support of the Friedrich Ebert Foundation.
